Subject: Appeal of USAC Funding Decision - Docket 02-6

Request for Review

RE: Entity: 11744

School: Beth Chana School For Girls

Form 471 # 881989 FRN 240495

We would like to appeal USACs decision to rescind funding for **FRN 240495** of **471 881989**,

In August of 2016 the school received a PQA for the above mentioned FRN 240495. All documents were sent in, in a timely manner. The school sent in an appeal letter twice, first via fax on December 18 and then again via email – January 24, 2016.

Our second letter of appeal was dismissed because it was filed after the 60 days of receiving the Notification of Commitment Adjustment Letter. We haven't received any response to our first appeal letter.

We have contacted the CSB and got conflicting information. First we were told that the appeal is being reviewed. Later we were told that they don't have our first appeal and that we should resend it. The schools resent it in, along with all the original documents that were requested at the time of the PQA – and the school hasn't heard since.

Recently the school got a collections letter, requesting back the funds for FRN 240495. However no response to the appeals or denials were received.

The school contacted the CSB multiple times regarding the appeal, the status of the appeal and how to proceed but kept coming to a dead end.

Therefore at this time, we are filing an FCC appeal.

We appreciate your understanding in this matter and the opportunity to appeal.

Please advise if you have any questions for require any additional information.
